Notice

Non-Compliance by Training Partners (STT-PMKVY)

Training Partners (TPs) that have been allocated target under the Pradhan Mantri Kaushal Vikas Yojana (PMKVY-STT) scheme are mandated to follow the PMKVY Scheme Guidelines (2016-2020). Failure to adhere to scheme mandate may result in initiation of action against non-compliant TPs/TCs.

The following actions by TCs/TPs are in contradiction to scheme guidelines, and will be considered as situations of non-compliance:

1. It has been observed that some TPs are charging money from target beneficiaries/candidates enrolled under the PMKVY scheme – and are therefore, in non-compliance with scheme guidelines. Charging money from the beneficiaries is against the scheme mandate as “under PMKVY, the entire training and assessment fees are paid by the Government” as outlined in the guidelines.
2. To ensure that the complete benefits of training are imparted to all candidates enrolled under the scheme, they must be present for the entirety of the training held at TCs, from “Batch Start Time” until “Batch End Time” declared by the TC/TP on the SDMS Portal.
3. If leave is observed at the TC, the same needs to be intimated at least two(02) days in advance to pmupmkvy2.0@nsdcidia.org. In the absence of any intimation, it is assumed that training is happening as per schedule.
4. If batches are planned for OJT/industry visit/placement orientation visit, the same needs to be intimated at least two(02) days in advance to pmupmkvy2.0@nsdcidia.org. In the absence of any intimation, it is assumed that training is happening as per schedule.

TPs/TCs shall ensure that provision is made between batch start date and batch end date to accommodate for any leave/OJT/industry visit.

5. In case candidates have dropped out of batches under the scheme or the entire batch is dropped out by the TC/TP, it is the responsibility of the TC/TP to mark them as “Dropped Out” immediately on the SDMS Portal. The TC/TP must drop out the candidates/batch before batch end date on the system. Non-adherence to the same impacts the release of tranches and the pendency on SSC’s for Assessments. Thus, the TC/TP must drop out the candidates/batches only on the system. Please note that candidates that have been dropped out may be re-enrolled in a fresh batch by the TC/TP SPOC, as per their availability.
6. Any evidence to support the claim of your attendance apart from AEBAS compliance will not be entertained. The functioning of AEBAS machine is a responsibility of TP/TC/PIA and no explanation on this will be entertained.

If any Training Partner/Training Centre is found to be non-compliant as defined in the cases given above, suitable action as per the PMKVY Guidelines may be initiated against them.
