

Saturation Index for Centrally Sponsored Centrally Managed Component of Skill Training

State-wise & District-wise

Dear Training Providers,

As you are aware that *Pradhan Mantri Kaushal Vikas Yojana* (PMKVY), the flagship scheme of the Ministry of Skill Development & Entrepreneurship (MSDE) aims to enable Indian youth to take up industry-relevant skill training that will help them in securing a better livelihood. Under the scheme, the Short-Term Training (STT) Program is designed to impart skill training to the youth who is either a school/college dropout(s) or unemployed, residing in any state, district of India.

The Short-Term Training (STT) program is being implemented centrally as well as through states under the Centrally Sponsored Centrally Managed (CSCM) and the Centrally Sponsored State Managed (CSSM) components respectively.

The training target(s) of STT under the Centrally Sponsored State Managed (CSCM) for the four years (2016-2020) is 35,55,000 candidates. To ensure universal coverage, the training targets are distributed across 29 states and 7 UTs at an annual target of 8,88,750 candidates (as detailed in the Annexure 1 of Guidelines for State Engagement).

To ensure geographical coverage, a skill mapping/ analysis has been conducted by National Skill Development Corporation (NSDC). As per the report, it is observed that the skill training institutions are concentrated in specific states and districts. The result of the analysis, as presented in the form of a saturation index across states and districts, is provided in Annexure below.

Please note that this Saturation Analysis Report across states and districts will be updated on monthly basis

Sincerely,

Team NSDC

Annexure

Target Qualification/ Parameters:

	Saturation Barometer	Remarks
	100 %	No further capacity or target(s) to be allocated
	50% - 99%	Targets utilized. Caution to be observed for further application.
	1% - 49%	Targets available in the districts. Applications are invited.
	0%	No Allocations have been made. Applications are invited.

Saturation Index (State-wise & District-wise)

as on 19 September 2017
